

Statements of Individual Contributions

Karim Kouki, Ahmed Mazari, Daro Ozad,
Mihaela Sorostinean, Aris Tritas

October 5, 2016

Abstract

This document details the individual contributions of each group member to the outcome of the group project, benchmarking “Indicator-based Evolutionary Algorithm with Epsilon indicator” with the COCO platform. It also includes an anti-plagiarism phrase that needs to be signed by every group member.

1 Individual Contributions to the Group

Karim Kouki

I ate all the donuts.

Ahmed Mazari

I cooked them.

Daro Ozad

I hid them.

Mihaela Sorostinean

I played the saxophone.

Aris Tritas

I mainly slept.

2 Anti-Plagiarism Statement

All group work, be it the source code, the documentation, the report, the presentation, or any other contribution have been solely written by the group members or corresponding reused parts have been cited accordingly. We, the group members, confirm herewith as well that we all have read and understood the “What is plagiarism” page of <http://www.plagiarism.org/plagiarism-101/what-is-plagiarism/>.
